Remember, our Standard Program length is approximately 1 ½ hours. When adding to our standard program to customize your day, we can easily include one or two additional presentations within that given timeframe. Please inform our staff when scheduling if you would like to spend more time in the fort than the standard 1 ½ hours or if time constraints require your class to be on their way in less than the standard time. If your class is unable to stay 1 ½ hrs, we do suggest that you schedule our Standard Program, however, we will accommodate any other wishes to the best of our ability to fit your timeframe. Our staff will schedule your class for a 1 ½ hour program unless we are otherwise notified. If you are on a tight schedule, please notify us as to the time you need your program to be concluded.

We look forward to your arrival!
